⁶ The relevant fees and costs relating to the underlying investments are net of any rebate paid by an issuer of an underlying managed fund that forms part of the portfolio and is passed on to the retail investor. For an explanation of these fees and costs, refer to the BT Managed Portfolio PDS. Fees and costs may change from time to time.

⁷ This fee is payable monthly to the responsible entity of BT Managed Portfolios, and is calculated on the average daily value of the portfolio for the month.

⁸ For more information on management fees and indirect costs of underlying investments, refer to the 'Additional explanation of fees and costs' section of the BT Managed Portfolios PDS.

⁹ For an explanation of these fees and costs, refer to 'What are the fees and other costs?' section in the BT Managed Portfolios PDS Part 2 - Investment Options Booklet (Advance).

¹¹ Managers of the Underlying Funds may invest in cash or cash equivalents for administrative purposes (including meeting applications and redemptions for the Underlying Fund). This is not reflected in the above allocation to Cash.

¹² The portfolio gains indirect exposure to the Asset Classes by investing in the Underlying Funds (except as otherwise noted in footnote 11 in relation to Cash).

¹³ The 'Cash' asset class also includes the cash allocation of the portfolio that is held in BT Cash Management Account, a cash account issued by Westpac Banking Corporation, (or any other cash product nominated by the Responsible Entity of BT Managed Portfolios) and may include allocation to other cash type investments.
